

LA FÉ
AOP MADIRAN – TANNAT
SULPHUR-FREE RED WINE

Lionel Osmin & Cie

LE SUD-OUEST... VIVRE, BOIRE ET MANGER.

PROFILE:

Domaine Berthoumieu is located between the Gascony and Béarn Regions, in the village of Viella. During the XVIII century; the inhabitants of Viella burnt down their village in order to eliminate the epidemic plague which was devastating their region. The years after, with faith and bravery, they rebuild the village at the top of the hillside, hiking on the path where the vines are located now. They called the path La Fé (the faith). The old vines planted on this soil allowed us to create this cuvee. It embodies our passion for this exceptional terroir and this unique grape variety that is Tannat. It has the fervour, the intensity, the freshness and the richness to make this unique and sulphur-free wine. To discover the Madiran wines through another point of view.

WINEGROWING:

- Grape variety: sulphur-free Tannat
- Climate: hot microclimate with mostly oceanic influences, where the Adour River prevents from excessive rainfall.
- Terroir: 50 years old vines on clay and rocky soils.

WINEMAKING & AGEING:

Harvest from the end of September to mid-October. Fermentation with a 30 days maceration in stainless steel tanks with frequent manual pushing downs. 12 months ageing in oak barrels.

TASTING NOTES:

A deep grenat red colour, an intense nose, rich and complex which associates ripe fruits and spices with vanilla and liquorice. With air, tobacco and undergrowth notes appear showing all the subtlety of this wine. The mouth is wide, fleshy and generous. The fine frame of the tannins starts to appear and move to silky sensations which give length and power without any excess. We find on the palate the same aromatic complexity of the nose with some liquor aromas.

SERVING & PAIRING:

- Service temperature: 16 °C
- Ageing potential: 5 years
- Food pairing: tournedos, duck, beef, lamb...

EAN: 3760201500897
Weight: 1.36 kg
Natural Cork
